“INNOVATIVE STREAM RESTORATION TECHNIQUES” SEMINAR NOW FREE TO VIEW ON THE RRC WEBSITE

The recent RRC Guest Speaker Seminar by *Janine Castro* of the *U.S. Fish & Wildlife Service*, held in Edinburgh, is now available to view for FREE

The 40 minute presentation: **“Innovative Stream Restoration Techniques”** covers the US approach to weir removal, re-meandering and large wood placement, as well as regulatory streamlining - great lessons for the UK

Click on the link below, scroll down to the “Guest Speaker Seminars” and choose the Janine Castro link. Click each video in turn (there are 4 parts in total).
